Reflection from Sr. Helen Flemington

Author and lecturer Leo Buscaglia once talked about a contest he was asked to judge. The purpose of the contest was to find the most caring child. The winner was a four-year-old child, whose next-door neighbor was an elderly gentleman who had recently lost his wife. When he saw the man cry, the little boy went into the old gentleman's yard, climbed on his lap and just sat there. When his mother asked him what he had to say to the neighbor, the little boy said, 'Nothing, I just helped him cry.' This little boy saw what his neighbor needed; then the boy took the time to give the man the very thing that would help him.

Health Corner: ***Six Days for a Healthy Heart***

Try one tip for each day and rest on Sunday!

1. To reduce your sodium intake to lower your blood pressure, use fresh, frozen and canned vegetables without added salt.
2. Fit in fitness wherever you can. Park farther from the door at the bank. Spend some family time by taking a walk with them to catch up.
3. Choose your calories! That 100-calorie pie isn't the same as 100 calories of broccoli. The pie's calories come from fat, while the broccoli's comes from carbohydrates, fiber and minerals. Consider what will most benefit your body!
4. Travel often? Don't just sit and read or watch television while waiting for a flight. Stretch your legs and fit in some activity.
5. Drink at least 6-8 ounces of water before and after any physical activity.
6. Put away your remote control today and see how much moving you do in one evening to change the TV channels.

Have you ever wondered how to interpret the map of roads, mountains and valleys of your spiritual life?
